## WarmLine Family Resource Center present

### Supporting Communication and Learning with iPad

*For parents/caregivers of children ages 18 months to 6 years.*

Jamie Crum, MEd., ECSE will present 2 one hour workshops introducing proven Early Learning strategies to promote *communication learning and pre-literacy* for children 18 months – 6 years who have vision and motor challenges. Therapists, and educators are welcome to join.

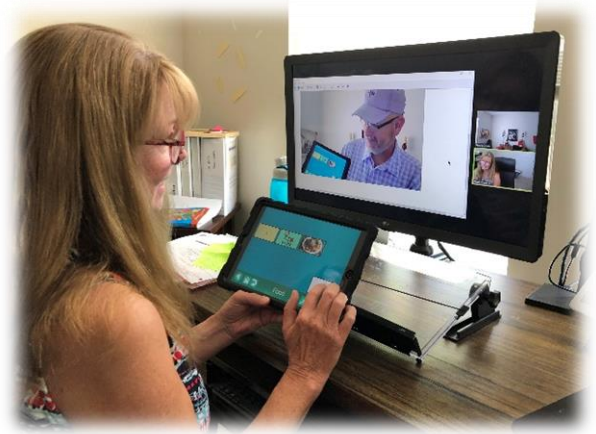

GoTalkNow™ app will be featured. Participants can download a free version of the Gotalknow™ lite app prior to the workshop.

<https://apps.apple.com/us/app/gotalk-now-lite/id953164338>

Families interested in a FREE iPad with a communication app and protective case for anyone with a communication delay can visit the Department of Rehabilitation's Voice Options program website:

<https://www.dor.ca.gov/Home/VoiceOptions>

*This is a "hands on" training. Please plan to attend by computer and have the iPad available for practice, if possible.*

#### Session 1

August 27, 2020 from 2-3 PM

#### Session 2

September 2, 2020 from 2-3 pm

**One registration enrolls you in both session!** <https://www.eventbrite.com/e/supporting-communication-learning-with-ipad-part-1-tickets-113511612288> You will receive an email webinar link two days before the presentation.
